"GIVE to the COLLEGE of YOUR CHOICE—GULF PARK COLLEGE"

First of all I would like to express our sincere appreciation to those of you who have already contributed to the Richard G. Cox Fund. (See list below). Our goal for this project is $500,000 and to date we have had only $1350 contributed or pledged. The largest contribution came from Dr. Cox, himself, who left $65,000. We hope that you have just delayed sending in your gift and that it is now in the mail.

Secondly, I would like to mention some of the improvements which have been made in the plant this year. This summer we are renovating ten rooms in Hardy, second floor North. We are refurnishing the second and third floor smokers in Lloyd Hall. We are razing the old Music Building (the two-story green building on front campus) and moving the music facilities to Dr. Cooke's old house (next to the swimming pool), which was the Panhellenic house. The sororities will have their offices in the modern building adjacent to the game-courts on back campus. We have acquired three new horses which will improve our riding program. We have air-conditioned the Art Studio. We are in the process of purchasing a nine-passenger Volkswagen bus to be used for transportation of students to Huckleberry Hill and special functions. The Board also approved the purchase of a new pick-up truck and a large tractor which will help us in our work toward maintaining our campus' natural beauty. The hallways and classrooms in the academic-administrative area have been completely re-done.

With the increased cost of living the above-mentioned modifications and additions have increased the cost of education of each individual student. May I encourage you again, if you have not already contributed to the Alumnae Fund at Gulf Park PLEASE do so — We need your help.

GRADUATION

by
Germaine Schanzmeyer

Graduation services were held at Gulf Park College on May 26, 1968. Many proud graduates, attired in the traditional white formals and carrying arm bouquets of red roses, stepped onto the threshold of a new life. Each graduate's future is now a new challenge to be met, but each is prepared through her education and the modern miracles of the scientific age to cope with finding the answers for world peace, economic development, and social and political conditions that need rectifying.

This was the topic of a most inspiring speech given by Dr. Doak S. Campbell, President Emeritus of Florida State University at Tallahassee and consultant with the American Research Association.

Dr. Campbell's chief emphasis in his address was placing responsibilities on the generation represented by the 1968 graduates throughout the nation.

He stated that the older generation has tried to solve such problems as exist today but has not been successful. Although a large load has been "dumped", so to speak, on the shoulders of young people, Dr. Campbell said that in passing on these problems, he knows that the youth of today, through their education and the fact that they have grown up with the problems, have the ability to solve them. He concluded with the challenge, "I know you can do it, and I think you will do it."

Miss Lee Ann Caldwell, Augusta, Georgia, graduated with top scholastic honors and received the Kate Weatherbee Alumnae Cup, presented by President William Sadler.

Receiving second honors was Mrs. Alice Hyde Smith, Long Beach, Mississippi; and third honors, Miss Charlotte Grist, Blakely, Georgia.

The Panhellenic Award and a $300 scholarship for first honors in the freshman class was a three-way tie between Mrs. Karen Rushton, Iowa; Miss Germaine Schanzmeyer, Missouri; and Miss Suzanne Scott, Texas.

Second honors and a $200 scholarship went to Miss Dora Hill, Mississippi; third honors and a $100 scholarship to Miss Juliet Jones, Oklahoma; and fouth honors and a $100 scholarship to Mrs. Julie Parks Duke, Gulfport.

Receiving honorable mention for students who maintained a grade point average not less than 3.5 were Miss Martha Hoggard, Arkansas; Miss Brenda Clark, Alabama; Miss Margaret Gaffey, Kansas; and Miss Janice Weibel, Texas.

Dean Robert L. Johnson presented the candidates for degrees and President Sadler awarded the diplomas.

Don Christmas, pianist, played the traditional processional and recessional, and the invocation and benediction were given by the Chaplain James W. Emerson, Episcopal minister.

WE BUILD

We are working,

If only within a temporal landscape.

Some of the things we build are massive,

Others are merely mass.

Nothing is useless or lost.

What may seem useless show is the strength and support behind the rest.

Our yesterdays, todays, and tomorrows are the blocks with which we build.

Let us do our work well, for today is built of yesterday, and tomorrow is built of today.

And today . . .
. . . Today!

THE DIVIDED SKY

The falling of the sun, round and golden,
A rise of color from between the ranks of
hills.
Darkness
Comes swiftly to the little mountain cottage.
Silence.
A cricket's chirp
Stirs an unseen chorus from
Down
The hill.

I leave my work in the dim candle-lit
Room and pass to the door
Quickly
Lest I break the magic hold the night has
for me. The
Sound
Of the closing door.

I am alone in the
Shadows
Of the night.

The lawn before me, gray in
the dark, points
A finger toward the last steps
I must take.
Passing
Forward slowly to the brink
of the incline, I
Step
Downward without hesitation
And touch at last the wooden
Planks
Of the skeleton-deck.

Before me the mirror-lake lies, at my feet,

A mirror in darkness even as it is in light.
See

The evidence of your neighbors' presence —
lights

Dancing
Across the water to greet you.

See the sky above, and see, too, the sky
Below—

Above and below a host of stars,
Split

By twin, solid flat ranks of hills
Undulating

Like the waters.

PUBLIC OPINION EXPRESSED AT GULF PARK

by
Polly Ritter

On May 2, 1968, the student body and faculty of Gulf Park met in the Hardy reception room to voice their opinions on important national issues including the presidential race and conduct in the Vietnam conflict. There were 172 students and 22 faculty members participating in the poll.

In both the student and faculty presidential votes, Nixon took first choice with Wallace second and Kennedy and McCarthy tying for third. Of the 1,000,000 college students polled over the country, McCarthy came in first by a good margin followed by Kennedy second and Nixon third.

The students felt that our policy in Vietnam should be an all-out military effort while the teachers felt a phased reduction of American military activity would be best. The majority of the students voted to intensify our bombing efforts; the faculty votes were tied between maintaining the current level of bombing and intensifing the bombing.

The students were in favor of education receiving the highest priority in government spending while the faculty was in favor of stricter law enforcement and riot control.

When asked about philosophies of education, most students favored an emphasis on extra-curricular activities. Scholarly pursuits polled one vote more from the faculty than did the extra-curricular philosophy.

It will be interesting to find out how representative the Gulf Park vote was in comparison with the national record.

PHI THETA KAPPA INITIATION

Lee Caldwell

On Thursday, May 16, the Phi Theta Kappa was proud to initiate eight new pledges into membership. This membership was obtained by achieving a 3.3 over-all average by the end of the third quarter. Receiving the white rose were honor students Brenda Clark, Vicki Eshelman, Jacquelyn Ezell, Margo Foster, Meg Gaffey, Becky Miller, Deborah O'Daniel, and Sandra Turner.

The last service of the year was followed by an ice cream party with banana splits "made to order" for each girl.

PEACE IS ATTAINABLE

Peace is attainable
If . . .
Man will cease Being Man;
If . . .
Greed will vanish from the earth;
If . . .
Freedom of thought is abandoned;
If . . .
Man becomes a controlled machine.
You cry, "Peace!"
You beg, "Stop war!"
You pray, "God, end bloodshed!"
I say, "Yes!"
I reply, "You can!"
I insist, "It is possible!"
Peace is attainable—
If . . .
Ideals should become obsolete;
If . . .
Pride in itself is discarded.

Miss Sandy Goar, '66 made a generous gift to the Ridng Department of Gulf Park College. The money was used to purchase a tape recorder and a Blue Ribbon Cut-Back Saddle for shows.

SING SONG

by
Pam Podger

Competition between the sororities ended this year with the annual Sing Song. All six sororities met in the courtyard of Hardy Hall to demonstrate their talent for singing. Each sorority entered the contest as a large group composed of all the members, and a small group made up of not more than twelve girls.

In the large group classification first place was won by Delta Alpha Sigma for their interpretation of "Cabaret" and their sorority song; second place by Kappa Chi singing "Chim Chim Cheree" and "Super-cali-fragil-istic-expe-ali-docious;" and Delta Chi Sigma won third place with "Halls of Ivy" and "Moments to Remember."

The small groups then performed with Delta Chi Sigma singing "Graduation Day" for first place; Sigma Psi Iota winning second with "The Lord's Prayer;" and Delta Alpha Sigma's "Bonnie and Clyde" winning third place.

It certainly proved to be a grand night for singing!

AH, WILDERNESS!

by

Nancy Carson

On May 2, 3, and 4 the "Jet Maskers" of Gulf Park, under the direction of Mr. Nels Anderson, presented Eugene O'Neill's Ah, Wilderness! in the college auditorium.

The setting of the play is a small town in Connecticut in the summer of 1906. The action unfolds in the sitting-room of the Miller home as the Miller family is busily engaged in a conversation concerning how they plan to celebrate the fourth of July. The scene then shifts to the back room of a bar in a small hotel where Richard has been induced by one of his brother's friends to learn "how the other half lives." When Richard shocks his family by returning home inebriated, he is forbidden to leave the house until a suitable punishment can be contrived for him. After receiving a note from Muriel, "his one true love," Richard decides to risk the wrath of his family and keep a clandestine date with her on the beach.

The cast was led by Mr. Tommy Meek as Nat Miller, whose capacity as father and editor presented a recognizable conflict of sentiment. The character of Essie Miller, through Ardis Kohlmeir's vital portrayal became not just the mother of her children, but mother to the world.

John Kelley, as Richard Miller, was most vividly the searching, self-asserting young boy who finds a great gap between experience and literature. He and Nancy Carson, the sweet Muriel McComber, were charming in their depiction of the pains and pleasures of young love.

No one could forget Mac Gibbs as the lovable renegade, Sid Davis. He makes the dinner scene most memorable, and his love for Lily, a role tenderly executed by Bett Norwood, is warming.

The cast also included John Kelly, Michael Reinike, and Gary Meek as the teasing brothers and sisters. Mr. Phil Ambler, Cissy Ourso, Major Bill Anderson, and Sam Cuevas became other delightful O'Neill characters.

SECRETARIAL SCIENCE CLUB MOONLIGHT CRUISE

by
Helen Turner

The Secretarial Science Club Moonlight Cruise turned out to be joyous and delightful for all students present. The boat left the docks in Gulfport about 7:00 p.m. and went up the coast-line and back so that the girls could see the lights reflected from the water as evening came.

The girls enjoyed steering the boat and listening to records during the cruise. The highlight of the evening came when Mr. Nels Anderson was recognized for all the time and effort he had contributed to the Secretarial Science Club's Annual Fashion Show. He was presented a coat and a beautiful card designed by Miss Laura Wilkinson, art instructor. All of the models and the members of the Club autographed the card with clever titles and quotes from plays and motion pictures.

Miss Jeanette Brock, sponsor of the Fashion Show and head of the Secretarial Science Club, treated the girls to a picnic supper aboard the boat.

The cruise proved to be a relaxing trip for all who attended!

SHOWBOAT TO NEW ORLEANS

On May 9 and 10, 1968, the Dance League of Gulf Park College presented a review entitled **Showboat to New Orleans.** The theme was carried out with such numbers as "The Riverboat Follies," "Louisiana Lasses," and "Levee Howdown." The wide variety of dance arrangements was a delight to the audience. As a special number, a toe ballet, "Paddlewheel Swish," was performed by Diane Stewart. Other solo dancers featured were Kitty Jordan and Jerry Ann Aycock, both doing jazz numbers. The colorful lights and costumes contributed a spark of gaiety which made the entire evening even more enjoyable.

MRS. MABLE BURG

by

Ginger Woodside

Energetic, full of ideas, and planning for the benefit of the students may well describe Mrs. Burg.

Mrs. Burg came to Gulf Park College three years ago and for two of these three years was a representative for the states of Texas, Oklahoma, Arkansas, and Louisiana, interesting and informing girls about the school. This past year she became a familiar face to the campus as a co-ordinator of the Panhellenic Council.

We are sorry to see Mrs. Burg leave and wish her success as a counselor at Syracuse University, Syracuse, New York.

GULF PARK TIDES

Under the editorship of Miss Elizabeth Gilmer, the Tides has served well in campus communications this year.

SEA GULL DEDICATION

Each year the students of Gulf Park College dedicate the Sea Gull, a book that is a lasting symbol of their fondest memories at Gulf Park, to a person they feel is truly worthy of this honor.

This year they dedicate it to an individual who has won the respect and admiration of every Gulf Park student.

She has worked untiringly with Gulf Park, not only as a school but as a home—our home. She has made our problems hers in an effort to bridge the gap of adjustment.

Because of her unbiased understanding and deep commitment to what is right, she exemplifies what we feel must be the ideal person. And because she is dedicated to us, we dedicate the 1968 Sea Gull to Mrs. Harriett Smith.

Mr. Steve Chiniche, a supervisor on the maintenance staff, suffered a fatal heart attack at his home Tuesday night, July 16, 1968. Mr. Chiniche had been an employee of Gulf Park College for more than eighteen years. We shall miss his ready smile and helpful spirit.

THE WARM SAND

The wind is blowing and gives a slight chill;
The sun is shining and has a warm feel.
Birds are singing and trees are budding;
Flowers are blooming and children are running.

Excitement fills the air for spring is here!
You go down to the beach — a place that's dear.
You sit and look at the calm white sea;
You watch the birds fly by.
You **think** and **think** of all. **But you see.**
Day dreams glide on a sigh.

You feel at peace with God and the world,
And emotions stream through your heart.
Then a thought flashes through your mind:
You realize life is hard, not kind.

With your shoes in hand you start to walk,
And the warm sand snuggles your feet.
The sun is setting and you walk alone,
But never, never alone.
